

DENTAL HYGIENE B.S.

D'Youville's online B.S. completion program in dental hygiene was created for students who have earned their Associate of Applied Science (A.A.S.) or Associate of Science (A.S.) Degree in Dental Hygiene degree who are licensed to practice as a dental hygienist and want to continue their education to earn a baccalaureate degree through a completion program that offers students choice in their career trajectory with possibilities in public health, health administration, practice management, and business. Students with the bachelor's degree will also be able to teach in an associate degree program.
